**Story:** There are projects you become attached to even before they are carried out. The reason is that they are made of a perfect combination of elements and people. It is well-known that Modica is connected to its history and the people that built it. Especially to one man, who represents, in everybody's memory, the artisan par excellence, and whom we remember with gratitude.

Contamination was outlined from such an acquaintance: the grandeur of the land, of our countryside dominated by abundant carob trees. Our beer draw inspiration from it. This is how Qirat was born. The notes of coffee and cocoa obtained from the roasted malts harmonise perfectly with the sweet and distinguishing notes of the carob fruit. Encounter, harmony, understanding. The result was astonishing. We took up the challenge and won it, with the rare and real laugh of a dear friend. A beer dedicated to inventiveness and experimentation, which has been accompanying us since 2010. To Franco Ruta.

QIRAT

craft dark beer

—They called him Qirat, ignoring his real name, since it was a challenge to talk to the same. It seemed that there was one way only to involve him in speaking and talking gaily: in front of a fermented malt glass he made best friends with whoever arrived last.

At the mercy of hiccups, laugh and pranks, the Baron of Linguaglossa many stupid things cranks: he dived naked into the river rattling off nursery rhymes on site, he started to sing in the middle of the night, he tripped the landlord of a tavern bothy, put salt in his auntie's coffee. You'd never think that a man with a serious face like he would be on a picture of Tari—
